I'm proud to say that I'm a dork." Ciara plans to attend the University of the Cumberlands, to get my Bachelors degree in either Multimedia Journalism or Home Economics with a minor in Education.

Visitors at OCHCC

The Warrens Chapel United Methodist Church Youth & Children's Group made Valentine's Day cards & delivered them to the Owsley County Health Care Center in February. The youth also visited some of our church members out in the community. They sang songs and presented Valentine's Day cards to all they visited. A special thank you to Stella Baker for cutting out the card kits for the youth, and to the OCHCC for allowing us to come & visit their residents.

Owsley County Participates in KY Saves Week

The Owsley County Extension Service partnered with Farmer's State Bank to offer educational opportunities and financial incentives during the week of February 20th through February 29th, 2012.

America Saves Week is held annually and focuses on financial management topics including saving and budgeting. This year, many counties in Kentucky joined in on this timely opportunity.

We also presented 8th grade students at Owsley County Middle School with

curriculum titled "Money Smarts" developed by FDIC. These six lessons discussed many topics including deposits, debit cards, checking accounts, credit reports, credit cards, and much more.

The 8th grade students also participated in the KY Saves Piggy Bank Contest. The winners of the contest are as follows: Cheyenne Byrd - 1st place; Alyssa McIntosh - 2nd place; and Kendal Campbell - 3rd place. Cheyenne received a \$50 savings bond donated by Farmer's State Bank. The winning banks are on display

at our local Farmer's State Bank along with educational information related to your finances. Please stop by and pick up some of this valuable information.

If you are interested in becoming a KY Saver, please let us know by contacting the Owsley County Extension Service at (606) 593-5109. KY Savers receive a monthly newsletter with financial tips and strategies on savings, access to online tools and calculators, and other on-line information related to your finances. We hope to hear

from you!

Special thanks to Farmer's State Bank for partnering with us on this worthwhile project.

Educational programs of the Kentucky Cooperative Extension Service serve all people regardless of race, color, age, sex, religion, disability, or national origin.

Eastside News

Linda Young

Well, here we are again trying to find something to write. We started off the week at the doctor's office, and there was snow in Lexington. My granddaughter Chelsea had to go back to her doctor again. Please pray for her. We never know what can happen to a person. Her trouble started from a medication her doctor gave her that she had an unknown allergy to.

Dan dropped Wally and me off at the VA about 8:00 a.m. Wally was to have a procedure done at 8:30 a.m. so he got through and got a real good report. So they said that if Chelsea wasn't out one

of them would come and get us for my appointment at 12:30. So here comes Angie to get us for my x-ray at Lexington Clinic at 12:30. After my appointment with my doctor at 1:30 we make it back to Central Baptist around 2:45 where Chelsea and Dan were. She got released at 3:00 so you can see what a busy day we had.

After we all got done with our appointments we took Wally out to dinner. Since I'm not able to cook much, His birthday was the 7th and we all were starved. They sang Happy Birthday to Wally and we all enjoyed our dinner.

Last Friday, the 9th was our regu-

lar Eastside Resident Luncheon and we had a little contest. Rosa Lee Harris the manager and resident Milda Riley have been so good to do all the work for me while I've been down. Our contest went along with our menu of Burgers and Fries. Everyone was asked to guess who sang the country song and put on paper their name and answer and it was put in a dish. A name was drawn and if the answer was correct they won a prize. Marie Phillips' name was drawn with the correct answer of Charlie Pride, she won a rose bush. We had a wonderful time and such good food and yes, we had cherry pie to go with

it. Such good fellowship we had too. It was so good to see Flora Pryse there and I went with my walker, a big brace and my bone stimulator on. But I thank God I'm able to get out of it just for a while. It will be worth it to go without my back hurting, which I've had for over 20 years.

Please pray for Daisy Ball's family. She used to be one of our neighbors and we were all sorry to hear of her passing. We also lost our neighbor James (Jim) Parson. Please pray for his family. He wasn't with us long but we will miss him. Also pray for the Rosie Reed family.

Until next week may God bless us all and may we each count our blessings and thank

God for them. As always do something good for someone and get an extra blessing. I almost forgot to tell about all Wally's children and grandchildren coming in Sunday and bringing ice cream, cakes, chips and pop for his birthday. The way they work they couldn't make it all together until Sunday. Wally was blessed to be 87 years young. Until next time, may God bless.

Inspirational Word

By: Gerline McIntosh

Hello to everyone in Owsley, it is time for the Word. I want to write this week about, "Are you saved?" Saved from what? Saved from Hell, there's a Heaven to gain and a Hell to shun. I don't want to miss Heaven, would you? The only way we can be saved is through the blood of Jesus Christ, for He came to this Earth for the soul purpose to die that we would have a chance for that eternal life in Heaven.

John 3:16 For God so loved the world that He gave His only begotten son, that whosoever believeth in Him should not perish, but have everlasting life.

John 17, 18 17For God sent not his son into the world to condemn the world, but that the world through him might be saved. **18** He that believeth on him is not condemned, but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God.

Nicodemus came to Jesus and Jesus told him you must be born again to enter into Heaven.

John 3:3,5,6,8 3 Jesus answered and said unto him, verily, verily, I say unto thee, except a man be born again, he cannot see the Kingdom of God. **5** Jesus answered verily, verily, I say unto thee, except a man be born of water and of the Spirit, he cannot enter into the Kingdom of God. **6** That which is born of the flesh is flesh, and that which is born of the spirit is spirit. **8** The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh, and whither it goeth, so is everyone that is born of the Spirit.

John 3:36 He that believeth on the Son hath everlasting life, and he that believeth not the son shall not see life, but the wrath of God abideth on him.

Romans 10:9,10,17 9 That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. **10** For with the heart man believeth unto righteousness and with the mouth confession is made unto salvation. **17** So then Faith cometh by hearing and hearing by the word of God.

John 6:44, 65 44 No man can come to me, except the Father which hath sent me draw him, and I will raise him up at the last day. **65** And he said, therefore said I unto you, that no man can come unto me, except it were given him of my Father.

If we will go to church and hear the word so that God's Spirit can draw us and we go to the altar and confess that we are a sinner and mean it in our hearts, he is just to save us. And everyone can be saved if they will. For he died for us all.

May God Bless until next time.

Career Day

By: Matthew Pendergrass

The assignment from Mr. Hall's 6th grade students was a career presentation. What students had to do was look up information on two career websites about what they wanted to be when they grew up. They had a sheet of paper to collect all of the data they needed. Next came the presentation.

Students could choose from a Power Point presentation on the computer. This was done from Microsoft office Power Point. The other option was to write down the information on a sheet of poster paper and present it to the class. This assignment met many of the new core standards in reading/language arts.

There was a wide variety of career choices but the most popular one was for the registered nurse among both boys and girls. This is what students have done for Mr. Hall's assignment.

Senior Class holds Carnival at Elementary School

The Senior Class held a carnival at the Elementary School on Friday, March 9th for grades K-6. There were a plethora of games and activities for the children to entertain themselves with The students thoroughly enjoyed themselves and the seniors had the work cut out for them while assisting them. The seniors would like to thank Iaasacs PartyTime Rentals for donating the bounce house, and the faculty at both OCES and OCHS for working with them.

Owsley County Elementary School Promotes Literacy

Pictured are the winning doors for each category. Congrats to all!

Owsley County Elementary School planned several fun projects to promote literacy and celebrate Dr. Seuss's birthday this year. One such project, spearheaded by Ms. Megan Lakes, OCES PRIDE Club sponsor, and sponsored the local conservation district, was to encourage a little friendly competition throughout the school by holding a door decorating contest. Each classroom was challenged to decorate their door with a theme related to recycling.

Ms. Lakes' idea stemmed from the national "Read Across America" program that advocates the importance of literacy which is kicked off on March 2nd each year to commemorate Dr. Seuss's birthday. The Lorax, a Seuss book and movie made new for 2012, was the focal point for this year's program. This story emphasizes the importance of caring for and protecting our natural resources, namely "truffula" trees, and was a great parallel for using recycled materials for the school's door decorating contest.

Grade levels were broken down into four categories. The winners for each category were as follows: (Head Start) Ms. Barbara/Ms. Betsy's Class; (K-1) Ms. Michelle Turner's homeroom; (2-3) Ms. Kim Reed's homeroom; (4-6) Ms. Holly Shouse's homeroom.

School participation was great and the competition was stiff! Special thanks to our judges for a tough job determining the winners for each category, and hats off to Ms. Lakes and Mr. Gabbard for promoting this program at OCES.

Headstart

Congratulations!!!

“A Simple Man”

By: Margaret Faye Hensley

Liza Jane had settled into the recliner in her room and started to think back over the day.

September 4, 2010

Dear Jessie,

I realized today, that daddy's condition is declining. Jake and I talked about it and he is in agreement with me that daddy wants to be left alone to live out his days. It is comforting to know I have a friend here that understands the situation. Jake adores my father and he is willing to help me in any way I deem necessary. Today daddy made a list of topics he said he wanted to tell me about, and when he started to tell me about the time his younger sister almost drowned, he couldn't remember what had happened. He didn't seem too upset about it, and took a nap shortly after that. I guess if it comes to him another day, he will tell me about that day.

We took a long walk today, Jake and I. Daddy was worried that a rattlesnake or copperhead may attack me, so he asked Jake to guard me on my walk. No snakes were found, but there were some aggressive dogs to deal with. Jake spoke to them in a stern way and they backed off immediately. I think he has a way with animals. We had

determined that we were disgusted by the amount of liter along the road, so we filled two trash bags with garbage on our walk! I suppose we will repeat the picking up of trash each time we walk. Just maybe, the bums that are throwing the trash out of their cars will see us picking up their garbage and will think twice about littering next time right? Ha Ha Well, it's a good thought anyway, you never know how or when you can influence others! I personally can't stand the way it is polluting the environment and looks so disrespectful to all the people who live around here. I guess it will look its best as long as I am here!

We went treasure hunting today at three local flea markets. I found a really cute clock to put in my room. It is white with little green frogs on the sides. You know how I think frogs

are so cute! The quilt on my bed that mother made, has green, yellow and pink in it, so I thought the frog clock would add to the décor of my room nicely! Daddy found an old iron he wanted to sit by the wood burning stove, and Jake found a pack of shammie towels to clean his truck with! You never know what you will find at a flea market! We did buy some homemade jellies to put on our biscuits which we will be testing in the morning.

I can hardly believe I have been here almost a week already. It's going way too fast.

With love,
Liza Jane

FUNDS AVAILABLE FOR LOCAL PROJECTS THROUGH THE PROMISE NEIGHBORHOOD INITIATIVE

The Berea College Promise Neighborhood Initiative recently announced funding is available for schools, community-based programs and faith-based organizations in Clay, Jackson and Owsley counties for projects that support the mission of the Initiative. Promise Neighborhood works to build a network of cradle-to-career educational, family and community supports centered on local school districts. Programs and activities must work to achieve the following project goals:

- Improve academic achievement, especially in math and language arts.
- Help children, ages birth to five, be ready-to-learn when they enter kindergarten.
- Help children experience, explore and participate in the arts.
- Improve health and well being by addressing childhood obesity and promoting physical activity.
- Provide career exploration and connection opportunities for students.
- Help students of all ages become college-ready.

Promise Neighborhood is a federally funded program and organizations applying for funds must have tax-exempt status and agree to abide by federal regulations including data collection, financial reporting and evidence of a dollar for dollar match of funds (in-kind or cash). Interested programs without tax-exempt status should contact Promise Neighborhood staff for help applying for funding through partnerships. The Initiative will fund new or expanded projects or activities, but cannot fund full-time personnel, construction, renovation and equipment.

For example, a summer school program might help students with academic work on reading and math, and include physical activity and creative arts elements. Another program could combine a visit to a college or university with an out-of-town career exploration activity. The Promise Neighborhood grant works to deepen family and community supports for students. Therefore projects that engage parents and guardians in child and student growth are encouraged.

The expected range of funding is between \$3,000 and \$30,000. Applications must include a three-to-five-page proposal and a detailed budget. To request the cover sheet and budget forms, contact Ginny Ann Blackson, ginn_blackson@bera.edu-mailto:ginn_blackson@bera.edu>. Proposals will be accepted between March 1, 2012 and June 30, 2012 for projects that take place between April 1 and July 31, 2012. Promise Neighborhood plans to release another request for proposals for the 2012-2013 school year and summer in July 2012.

PRIDE will reimburse Owsley County and Booneville up to \$3,000 for leading the local PRIDE Spring Cleanup Month in April

Owsley County is eligible for \$2,750, and \$250 is available to Booneville. The funding levels are based on the number of road miles in the county and city.

The PRIDE funds will offset costs to the county and city for removing litter and dumps and for offering free trash drop-off events. The funds also may help communities clean up debris from recent storms.

PRIDE also will give the county and city T-shirts

and cleanup supplies to distribute to Spring Cleanup volunteers.

"Volunteers have such a good time cleaning their

community together, and they are really successful at picking up litter," said Tammie Wilson of PRIDE, the nonprofit organization that organizes the annual Spring Cleanup campaign in 38 counties of southern and eastern Kentucky.

"Disposing of the trash volunteers collect costs money, and that's where the Spring Cleanup Funds come in," Wilson

continued. "The funds also help local governments pay contractors to remove dumps that are too big or dangerous for volunteers."

"This is the 15th anniversary of PRIDE, and we can celebrate a visible difference in our region," Wilson added. "PRIDE volunteers have picked up 699,442 bags of trash since 1997, and 2,869 illegal dumps have been eliminated from our landscape"

Fiscal Court Rules Sale of Synthetic Cannabinoids Illegal Effective in 30 Days

At the Owsley County Fiscal Meeting on Monday, March 12, 2012, Judge Executive Ronnie DeBord called the meeting to order with all members present. The first order of business was the reading of the minutes by Owsley County Clerk Sid Gabbard. A motion was made by Roger Reed and seconded by Mike Harris, motion carried. The second order of business was the treasurer Report by Summer Yarbrough. A motion was made by Mike Harris and seconded by Roger Reed, motion carried. The next order of business was open comments. Art Byrd asked if the treasurer report wasn't open record. He asked if the couldn't we put that in the newspaper.

Kasey Smith from the Drug Awareness Council asked the fiscal court to review the ordinance that was passed in surrounding counties (Perry). Ordinance Drug Awareness Council Synthetic Cannabinoids. A motion was made by Roger Reed and seconded by Mike Harris that effective 30 days from today that Synthetic Cannabinoids would be illegal to sell in Owsley County which would be effective April 12, 2012. Would need to be run in the newspaper and let them know that it will be effective that these will be a criminal act.

The next order of business was the Joint Resolution with the Lee County Health Department. Jesse Bishop, Jr. asked Judge DeBord if he had gotten a call from Senator Robert Stivers about this issue. Judge DeBord stated he did. Jesse Bishop stated that he had been assured by Senator Stivers

that this would not affect the Owsley County Health Department from getting grants for their health department. A motion was made by Jesse Bishop, Jr., seconded by Mike Harris, motion carried to agree to the joint resolution with the Lee County Health Department.

Carol Mullins, from the KRADD Board asked the Fiscal court to pass a joint resolution for KRADD to for the mapping of the manholes, valves and hydrants. This is a joint project over several counties in the region. A motion to pass this resolution was made by Mike Harris seconded by Roger Reed, motion carried.

The resolution to adopt Maple Lick six tenths of a mile into the county road system. Mike Harris made the motion, Roger Reed seconded, motion carried.

The fiscal court discussed the resolution and ordinance of refinancing their part of the Three Forks Regional Jail. No decision was made, tabled.

Approval of the Jail Budget. A motion was made by Roger Reed, seconded by Mike Harris, motion carried. Approval of the clerk's office budget was made by Jesse Bishop, Jr seconded by Mike Harris, motion carried. Approval of the sheriff's office budget was made by Mike Harris, seconded by Jesse Bishop, Jr. motion carried.

Update for 911- A motion was made by Roger Reed and seconded by Mike Harris to change the road names back only to past history names if they want them changed, motion

carried.

Other Business - Anna Turner stated that at her old home place on Route 30 East she had found out that the drive-way was a county road now. She said she did not know it had become a county road until it was black topped. Mrs. Turner stated the road goes right to her sidewalk, close to the house and when it is rented, it is dangerous for families with small children. She doesn't want the road as a county road. She stated that she had not been notified or signed anything over. Randall Mays stated it was on the 97 map at the garage. Roger Reed stated that he couldn't get into it, Mike Harris stated he wouldn't vote on it. Henley stated to Mrs. Turner that it sounded like the fiscal court were saying that it was down as a county road and they would not take any action. He would advise her to see a lawyer because there are other issues like this the county is dealing with at this time. Another concern Mrs. Turner had was parking for her home. She stated they are having to park in the yard. The fiscal court suggested the possibility y of building two speed bumps to slow people down. Art Byrd stated that somebody had to change that map. Henley said we don't know when it went on. Nobody has researched that, that's all we have seen. Ronnie stated we don't have any records. Ann stated she had her deed and it didn't say that.

Art Byrd brought up two sites that were eyesores up Route 11 and ask the fiscal court for their help.
